

Report Card

Congratulation class of 2018

Each year, scholars complete a lengthy application and interview process. We have heard stories of success from high school students graduating with straight A's. We have heard stories of dedication from master's students who have committed their free time to GLBT organizations. We have heard stories of sorrow from students rejected by their families. And we are proud to be a bridge that has supported them all on their paths to success. Our community is rich in its diversity, and we are delighted to support scholars who reflect this diversity—different majors, different schools, and different cultural, ethnic, and family backgrounds.

Out for Education is a 501(c)(3) and donations are deductible. Please visit outforeducation.org to sign up for monthly

Scholarship recipients have attended over 58 different colleges and universities in 16 states and the District of Columbia.

This year Out for Education awarded thirty-one scholarships totaling \$97,500.
